

Federal Flood Risk Management Resources

Resources Information

Agency: U.S. Army Corps of Engineers

Resource: (USACE) National Levee Database

Overview: Searchable inventory of information about levees displayed in easy-to-use map interface. Includes locations and conditions information, reports, inspection summaries, and other records about levees in the USACE Levee Safety Program and a growing body of information on levees outside of the USACE program.

Funding Info:

- Providing levee information for inclusion into the National Levee Database is voluntary and at no cost to states, Tribes, other Federal and non- Federal entities
